

ARRAYMUSIC COVID POLICY & GUIDELINES

Questions? EMAIL HOUSEMANAGER@ARRAYMUSIC.COM

OVERVIEW

The health and safety of our community, clients, and employees is our highest priority and we continue to work collaboratively with our renters to identify and minimize risks. The following protocol has been compiled based on recommendations from local and federal health authorities. These are policies and best practices designed to be taken seriously and to be put into practice at all times while inside The Array Space. Individuals should use these guidelines to help identify and minimize their risks. As the pandemic and government restrictions and recommendations evolve, so will these protocols.

Please review the entire document and distribute it to all the members of your rental group. The primary renter or organizer is responsible for ensuring their guests observe Arraymusic's COVID policies & procedures at all times.

Non-compliance = automatic ban; not following/contravening Arraymusic's COVID guidelines is grounds for disallowing future rentals.
